

HOMMAGE À PAGANINI	PC 10360	PC: 01Q
	Works by Paganini, Gabrielli, Locatelli, Vieuxtemps, Corigliano et al. Sergey Malov – violin, baroque violin, viola & violoncello da spalla	
1 CD, 2014		

The violin virtuoso **Sergey Malov** is one of the quickly rising young stars of today's music scene, with a career triggered by his awards in important international competitions (Heifetz 2008, Mozart 2010, Michael Hill 2011 or Tokyo 2010, the latter on the viola). Unlike most of his colleagues, he does not limit his activity to the modern violin, but is also deeply involved in Baroque performance practice, and in playing both the viola and the "violoncello da spalla", an instrument played on the shoulder.

On his CD "Hommage à Paganini", Malov presents highly virtuosistic solo works for his four instruments, in a recital which creates in the listener an immediate, strong emotional link to the 19th-century's "devil's violinist".
